ABOUT ME

As a Front End Web Developer, I am deeply passionate about creating engaging and intuitive user experiences. With a solid foundation in HTML, CSS, and JavaScript, coupled with advanced proficiency in ReactJS and Tailwind CSS, I have honed my skills to transform ideas into visually stunning and highly functional websites and web applications. My journey in web development has been driven by a relentless pursuit of excellence, constantly seeking new challenges and opportunities to learn and grow.

With a meticulous eye for detail and a commitment to staying abreast of the latest industry trends and technologies, I pride myself on delivering solutions that not only meet but exceed client expectations. Whether it's optimizing performance, ensuring cross-browser compatibility, or implementing responsive design principles, I approach each project with a combination of creativity and technical expertise.

My experience extends beyond mere coding; I thrive in collaborative environments where I can leverage my communication and problem-solving skills to effectively translate client requirements into actionable development plans. I believe in the power of teamwork and actively contribute ideas and insights to foster a culture of innovation and continuous improvement.

Driven by a genuine passion for web development and a desire to make a positive impact, I am excited about the prospect of joining a dynamic team where I can contribute my talents and expertise to drive meaningful projects.

SKILLS

- React JS
- HTML5
- CSS 3
- Tail wind CSS
- JavaScript
- booster 5

React js

- React JS
- React Hooks
- Context Api
- Context hook
- usestatehook of
- Jsx
- List's
- React router dom
- components

JavaScript

- Datatypes
- Operators
- Arrays
- Objects
- Functions /Arrow Functions
- Conditions
- Variables
- etc.

Hobbies

- explore tech
- readings books
- playing video games
- adventure to
